

Transferring funds

For maximum flexibility, funds in a number of currencies can be transferred to your account in several ways. Citi International Personal Bank will not levy any charges against funds transfers received into your account, however, please note that Citibank exchange rates will apply to transactions across currencies.

Citibank Global Transfer (CGT) allows you to send funds instantly between your Citibank accounts in different countries worldwide, free of charge. Limits may apply. Transfers can also be made across currencies without charge. CGTs can be done via your Relationship Manager, Citibank ATMs or Citibank Online with an active Citi VISA Debit card.

Another way to transfer money into your Citi International Personal Bank account is through the international funds transfer network, called SWIFT. The SWIFT payment method can be used to transfer funds in all of the currencies listed below. Charges apply for SWIFT transfers.

Single Euro Payments Area (SEPA) is a payment method designed to make Euro payments to participating countries quickly, safely and without charge. Euro payments by SEPA can be received into your account. However, as Jersey is not a participating SEPA country, you can not transfer funds from your account using this method.

How to transfer funds into your account

In some circumstances (i.e. transferring GBP or EUR), you may need to quote an International Bank Account Number (IBAN). These numbers have been listed overleaf, where necessary. Please only use the IBANs listed in this leaflet.

On occasion, the bank transferring the funds may request the correspondent bank's details. The correspondent bank's details are listed overleaf and if requested, should be provided to avoid any delay or rejection of the funds transfer.

To make sure your funds are transferred quickly and easily into your account, you should provide the following information to the bank making the transfer. With the exception of Sterling BACS payments, where beneficiary details are listed below, you will always need to credit the following bank:

Beneficiary bank:	Citibank N.A., London
Bank SWIFT:	CITIGB2L
Further credit to:	Citi IPB Jersey
Account:	The account numbers are listed below for each differing currency.
Payment reference or Beneficiary message:	Your name and 8 digit account number - this is important so we know which account to credit.

Please note, SWIFT code CITIJESX should not be used.

Currency	Beneficiary details	Payment reference or Beneficiary message	Correspondent bank details
